

Siddharth Village School
Madivalam (Vill), Nallur (PO), Hosur - 635103

Our students are coming forward to present the school Annual report, the highlights of our activities and achievements in this academic year.

I would like to throw light on our school vision, Mission and the School Motto

VISION

“Creation of Ambience” for Exploration, Experience, Expression and Evolution of students, teachers and society at large and co-creation with the universe that spreads joy, happiness, wisdom and freedom.

MISSION

To bring about transformation for an individual student, teacher, family and the community at large and to render relevant services so as to support and trigger the independent learners/teachers with imbibed values like love, commitment, responsibility, knowledge and empowerment towards oneself, others and the society and to be goal-oriented, optimistic and inspiring role model for effecting a holistic development of an individual student and the Universe.

MOTTO

Explore, Experience, Express and Evolve

The School Management Committee meetings are held twice in a year. All the important activities like how to identify the learning disabilities and improve their condition, athletic achievements, how to inculcate the reading habit among the students, expo, educational tour, celebrations etc are also discussed and decisions are passed in the meeting.

Our school vision gives us a perfect forum for exploring, experiencing, expressing and evolving with new knowledge in the lap of nature. Our school heads and teachers continuously guide us in all the teaching learning process in a fear free environment wherein each of us is ensured that we are happy, fearless, free to express and has the freedom to come out with the best of us.

Siddharth Village School
Madivalam (Vill), Nallur (PO), Hosur - 635103

Our school vision gives us a holistic approach which stands very much integrated with the curriculum giving us a strong base on academic excellence as well as values

The vision mainly aims to develop individual students to be independent learners with imbibed values like love, commitment, knowledge, responsibility and empowerment towards ourselves, others and the society

We as students are fortunate to have a second home as our teachers are our aunts and uncles which establishes a strong connection, faith, trust and great mutual understanding. We appreciate our school philosophy greatly as each of us get equal rights in participating in all the activities and each one's effort is appreciated without being judgemental. We make best use of our school ambience which is in plenty, enriched with natural wealth and we learn the values to be grounded and yet give love, affection, help, respect, gratitude, care, share unconditionally. We the Siddharth school students are made to believe that our personal value, family value and school value should be aligned together so that which would create a striking reformation in the society in terms of values like cleanliness, sharing, caring, concern towards nature, respecting one another, being responsible and independent

We are encouraged to believe in the values which is for the greater cause of human welfare and to get convinced ourselves first in order to follow the values strongly so that we would take the risk to make such values a regular practice in each one of us making it aligned with our personal values thereby reflecting it in the family and the surrounding.

We have various animals living with us in our school campus who are nurtured and taken care well as every child is taken care of. We have a symbiotic relationship with them wherein we both interact and exchange our love continuously.

We are fortunate to have various facilities provided by our school like school library, school laboratories, computer systems, smart boards, recycle unit, art and craft room, pottery shed, rain water harvesting units, music room, dance room, vermicompost areas for upgrading and enhancing our knowledge towards getting a holistic development in each one of us. Let us not forget our non-teaching staff who work tirelessly at the background being part of our journey and success. Our special thanks to the non-teaching staff and various other areas like administration, accounts and front office ,ICT technicians

May and June 2019

- I am privileged to present the events of May and June 2019
- The school conducts various orientation programmes for our respected aunties to update themselves with the changes.
- Each teacher of our siddharth family is trained in such a way that the teaching-learning process is carried out with the objectives connected directly with our vision. The teacher understands every individual child's need- cognitive skills, behavioural, kinesthetic skills and the learning style in order to bring out the best of each student leading to a holistic development.
- Session on Louis steven's Five chairs, five choices , The BE(happy) Attitudes and piaget's stages of cognitive development and thinking process were conducted from 29th May to 5th June.
- The session on Louis steven's Five chairs, five choices was conducted on 29th and 30th May 2019 demonstrated with five chairs which represented five choices focusing on how to interpret the person's behavior and understand him or her perspective leading to an enhanced and healthy relationship. The session mainly focused on making every individual reflect within to understand his/her own need and potential to take him to the next stage of development.

- All the teachers are given training mainly on piaget's stages of cognitive development and thinking process which is considered as the most successful ,fullproof method recognized internationally .Teachers are given expertise on understanding the students' different stages of development based on piaget's four stages- sensori motor stage, pre-operational stage, concrete operational stage and formal operational stage in order to cater to each child's cognitive need ,behavioural pattern and learning style
- Our teaching-learning method is very much entwined with the different thinking process like classification, seriation, numerical construction, structuring of space and time and language development .
- Teachers are mentored by the school heads who give them demonstration classes and show how the teaching-learning process is carried on along with the above mentioned process of the School vision and mission. After mentoring the trainee teachers thoroughly they are asked to present a demo by themselves in order to strengthen their confidence in the particular subject matter and make them comfortable to adapt in the new environment.
- Our teachers never believe in the old stereotypical methodology of education making themselves confined to the classroom rather they undertake various approaches in the activities which enable us to think ,create, be confident, efficient in problem solving, leadership skills ,risk taking skills ,social skills and adaptability .
- We get the opportunity to do many interesting activities to work and discuss in groups which gives us the platform to interact, communicate and share our knowledge with our peers and buddies mutually .This also brings out the potential and strength that each individual student is equipped with .This is when teachers understand the student's qualities and skills in various contexts like observational skill, scientific ,inquisitiveness, experimentation ,literary ,leadership skills, sensitivity towards environment.

Siddharth Village School
Madivalam (Vill), Nallur (PO), Hosur - 635103

- The teachers also underwent capacity building programme conducted by CBSE master trainers across the months of the year 2019
- CBP on strengthening Assessment and evaluation, competence building in English, Specialization in Mathematics, Art integration, Health and physical education.
- The School reopened after summer vacation on 6th June 2019 for all the classes.
- Excellence in academics , sports and other co-curricular activities is the hallmark of any good institution
- I am happy to announce that the 11th batch of class X secured 100% result in All India Secondary school Examination 2019
- 35 students out of 42 students secured distinction(75 and above), 42 out of 42 students passed in Ist class (60 above)
- Six students secured centum in Information Technology
- Our school students participated in various interschool sports activities and won laurels to the school
- CBSE interschool sport event for Volley ball and Basket ball was conducted on 07/08/2019. 20 teams from Krishnagiri district participated in the event.
- Our students participated in the cbse cluster VI Athletic meet 2019 -zonal and National level for Boys and girls conducted in Nava Bharath National school, Coimbatore in association with Coimbatore Sahodaya school complex conducted from 16th September to 20th September 2019. Three boys and 6 girls won the athletics meet in various events.
- Our school boys and girls successfully added another feather to our cap by defending the Trophy in the CBSE cluster Volley ball meet held on 12th October 2019.Our school secured III place.18 girls and 17 boys participated and were selected for the final at the Zonal level.
- **International yoga day:** The theme for the 5th International yoga day was climate action which was celebrated on 21st June 2019 .Students from classes III to X along with staff and other stake holders participated in the

Siddharth Village School
Madivalam (Vill), Nallur (PO), Hosur - 635103

mass yoga demonstration from 8.35 am to 9.00 am followed by art integrated yoga event, essay writing, slogan writing, drawing competition based on yoga which ensured the holistic approach to health and well being.

- **Awareness programme on water scarcity:** Students of class X conducted an awareness assembly on water scarcity, causes of water scarcity, how to conserve water, the remedial measures to be taken by students and how to motivate their parents and neighbors.
- **Medical camp:** The school organized a medical health check-up camp for the students of grade I to X on 05/07/2019. A team of doctors – Dr. Sujonitha, Dr. Harish and Dr. Jeffry, the staff of Muller’s Medical college, Mangalore conducted the check-up which included physical examination, blood pressure check-up, BMI check-up, Dental, Eye and Haemoglobin Check-up .
- **Parent Teacher meeting:** PTA meeting for classes I to X was conducted on 21th July 2019 to discuss about the areas their children are excelling in and to give them specific ideas of how to improve upon their child’s performance.
- **Fruit day:** Fruit day was conducted .We all were asked to bring only fruit as snacks. We always insist to have organic food instead of Junk food
- Our school developed the habit of intaking organic food and say no to junk food from young age i.e., from kindergarten stage onwards

August:

- **Orientation programme:**An orientation programme on “Introduction of two levels of examinations (Mathematics- Standard, which is an existing paper & Mathematics-Basic, an easier one) was conducted to the parents of Class X on 10/08/2019.
- **Independence Day celebration:** Independence Day was celebrated with active participation of the entire siddharth village community. The day started with the welcoming of the chief guest followed by the march past

Siddharth Village School
Madivalam (Vill), Nallur (PO), Hosur - 635103

by the four houses. Four groups joined to put up a fabulous show on Independence Day focusing on the theme “National Integration”.

- The parent –teacher meet for kindergarten was held on 18/08/2019 to discuss about the kids’ progress.
- **Experiential learning:** It is a great way to enjoy the unique learning experiences outside the classroom environment. Experiential learning helps us to experience hands on learning and provide us with the real world experience.
- The students from classes I to X were taken to super market, veterinary hospital, firestation, brick factory, brick kiln, cultivation field, gerbera green garden ,pissiculture farm land and Bank
- The students from Classes I to X also visited Bannarghata national park, Museum, Pslanetarium, Cubban park, Mysore and Hyderabad
- **One child, one plant campaign :**The student of classes III to X were initiated to plant a seed or sapling based on the theme “one child, one plant campaign”. Through this campaign the students were sensitized that the rate of damage to the environment is way too high than its repair, thereby, making tree plantation ,the need of the hour to control environmental damage
- **Tree plantation:**The students of class VI, VII and IX planted trees on either side of the road leading to Nallur village , in and around the school campus.
- The students of class Ix constructed the Edible food tower as their SEWA activity. The students learnt the methodology to construct the tower . It is constructed on permaculture principle grow your own food movement. The tower was made from scarp vertical gardening, using very little ground space
- **Preparation of Panchagavya:** We were exposed to organic farming methods. In this aspect, the teachers trained us to prepare panchagavya using cow dung, cow urine, milk, curd, jaggery, ghee, banana mixed in correct proportion. We were made aware of this potentiality of this

organic product to play a great role in promoting growth and immunity in plant system.

September:

Teachers day: We solemnly celebrated teachers day on 5th September 2019 .We expressed our gratitude and appreciation by greeting all our teachers with hand- made greeting cards.Class X initiated to organize the celebration

Awareness programme on Swacch bharath :

- An awareness programme on swach bharath was conducted by us ,the students of class V to X in Nallur village. We went on a rally in the streets of the village ,raised slogans on the importance of practicing cleanliness and hygiene in and around our living space.
- We also conducted an awareness campaign on clean India, climate change, beat plastic pollution ,sustainability for future at Hosur bus stand on 18th October 2019
- Students demonstrated villupattu on climate change,street play on beat plastic usage, mannequin presentation on illeffects of plastic usage .We sang songs and raised slogans.

SEWA:

- We are also involved in SEWA activities .As a part of experiential learning ,SEWA activities help the students to get trained in vocational education and develop socially useful products.
- Class X took over swach Bharath Abhiyann, Class IX involved in construction of Edible food tower, Class VIII built the Rain water harvesting pit , Class VII took over tree plantation and class Vi indulged themselves in Vermicomposting.
- Class I to V contributed towards cocopeat preparation, seed ball preparation thereby creating a conscious journey towards conservation of water and sustainable development.

October:

Gandhi Jayanthi

- We celebrated the 150th birth anniversary of Mahatma Gandhi on 2nd October 2019 by starting the day with a special assembly and other various activities to emphasise the significance of the day

Khadi day:

- In order to commemorate the 150th birth anniversary of Mahatma Gandhiji ,Khadi day was celebrated .The students were made aware of the importance of khadhi dress and we also wear khadhi dress weekly once.

Competitive Exams

- The school conducts many competitive exams to self evaluate the performance of students in par with the National level
- ASSET, OLYMPAID and GREEN OLYMPAID are conducted to enable and equip the students with skills and competence to diagnose their weaker areas and tap their inherent potential.
- Some of the students were selected for the national level
- The students are also exposed to CBSE online competitions. Arybhatta Ganit challenge 2020 was conducted for classes VIII to X students to promote Mathematical and reasoning activities. Three students of class X were selected for the second stage
- Space quiz chandrayan II :The students of classes VI to X participated in the space quiz chandrayan II .The students were encouraged with certificates undersigned by ISRO

Eco-friendly Diwali celebration:An awareness programme on celebration of eco-friendly diwali was conducted from 24th October to 26th October 2019. We the students of classes VIII,IX and X lead by class X gave an awareness to all the classes to celebrate an eco-friendly diwali. We were convinced of reducing the

usage of crackers and contributed towards helping the needy . We gifted old age home and orphanage inmates with rice, oil, sugar, lentils, fruits and sweets

November:

- **Elnino 2019:** As a part of our experiential learning we conducted multi-disciplinary expo on all subject for all the classes. Explore, experience, Express and Evolve were our ultimate motto . The expo helped the students to show case their talents and learn to apply the concepts.It also developed our speaking skills and boosted up our confidence level
- **Shakespearean play:** The play Merchant of Venice was displayed during the project to showcase the students talent of enacting the dramatic skill
- **Parents' involvement :** We have organized a team game for the parents along with the project display.The parents participated in the team game enthusiastically.
- **Children's day celebration:** Our aunties showed their love and affection on the 14th November ,the Children's day .They greeted us with a song and distributed hand-made greeting cards for each child of their class. The teachers also conducted many games to cheer up the children and make them happy.
